E-mail _____

Club _____ **Council** _____

Award Criteria

The Environment Award is designed to inspire and reward creative efforts to conserve and protect our environment. This award should recognize a special action that the applicant took, or something he or she put in place that made an impact in the community.

1. Conduct or arrange an event(s) for your club, council or the general public that focuses on the principles of "Protect Our Winters (POW)." Their mission is to engage and mobilize the snowsports community to lead the fight against climate change with a focus on educational initiatives, advocacy and community-based activism. Stage an event based on one or more of the seven actions of the POW pledge. Learn more about POW at <http://protectourwinters.org/about-us/>.
2. Work with your club or council and your local ski area to develop or improve your ski area's "Sustainable Slopes" program. This program was adopted by the ski industry in 2000. It provides an overarching framework for ski areas on sustainability and enhanced environmental performance. Learn more about Sustainable Slopes and NSAA's Environmental Charter <http://www.nsaa.org/environment/sustainable-slopes/>.

Environment Project

Project Description— especially list efforts of Leadership roles taken to conserve and protect our environment. Include the approximate hours spent on each activity.
