Leif Erikson Bike Ride in Forest Park

August 4, 2017. (Saturday)

The first cool day after the heat wave. It was only 61° F at 10 am when we first met. In fact, some of us felt a little chilled in the morning, before we started biking - which then warmed us up.

The whole ride was in the shade, with only occasional patches of sunshine. We were cool all the way.

We had lunch at Kenny and Zooks Bagelworks near the corner of Thurman and 24th in NW Portland. The food was pretty interesting. They serve breakfast all day. And they have some unusual pastries too. Anyone heard of "bialy"? Gotta try it some time. Come check it out on your own some time!

Overall, it was a great day of biking, enjoying nature, and socializing! Pity that only 9 people showed up.

August 12, 2017. (Saturday)

Ten of us showed up for the highway cleanup on our adopted 2 miles of Highway 26, between mileposts 51 -53, just west of Government Camp.

After about 2 hours of cleanup, we all assembled at the **Taco Shoppe** for some delicious lunch. We met the owner, **Kevin Bastin**. Did you know that Kevin is a Mountain High club member and that he is offering us all a 10% discount during the summer and a 20% discount during the winter?

Solar Eclipse

August 21, 2017. (Monday) Portland could only see about 99% of totality, but the real magic seems to happen only during the two minutes when the Moon completely blocks the view of the Sun. That's the only time you can look up at the Sun and see its corona.

The surface of the Sun was covered by the Moon, but the Sun's corona was a bright ring around the Moon.

See these and many more photos at <u>www.mthigh.org/Photos.htm</u>.

Mt.High Trillium Lake & Still Creek bike ride 🔬

September 16. Saturday. 9:30 am. A mountain bike ride along Still Creek Road in the downhill direction. From Government Camp, ride to Trillium Lake, then a bit uphill for almost a

mile, and finally several miles of downhill cruising toward Rhododendron. We'll have lunch at the Zig Zag Inn.

Nice long glide with very little uphill action. Perfect for beginner mountain bike riders.

Still Creek Road runs behind the Skibowl ski area. Strong legs not required. But strong brakes are!

Bring a water bottle! And helmet!

9:15 - 9:30 am: Meet at at the **Zig Zag Inn** in Zig Zag. Please drive around the building and park behind the restaurant. We will leave a few cars there (for later), and then transport everyone and all our bikes to Government Camp, for the start of the bike ride.

If you have a trailer, or a truck, or anything capable of hauling several bicycles from Rhododendron to Government Camp, ... please bring it.

10:00 am: We will leave from Govy and take the mountain bike trail down to the Trillium Lake area and then over to Still Creek Road. A mountain bike is required mainly for wide tires to deal with some soft gravel, but otherwise it is a pleasant downhill ride.

12:30 pm: Lunch at the Zig Zag Inn.

October 7. Saturday. 10 am.

Join Mt High Club members in a mountain bike ride around Timothy Lake. We will use a shuttle to do only 9 miles around the lake. There is an option to do the whole 15 miles, however you will miss early dinner with the 9 milers.

We will meet at Little Crater Lake at 10 am, a bit north of Timothy Lake. Riders will be shuttled to the Clackamas Lake Historic Ranger Station. Early dinner will be on the way back at The Taco Shoppe in Government Camp.

This is a beginning mountain bike trail. Operative word here is "mountain bike". There are a few parts of the trail that are not suitable for a road bike. The trail is at water level in the trees with numerous views and twists and turns.

Driving directions:

From Sandy, go east on Hwy. 26 for about 40 miles to Skyline Road (Road 42).

Turn right and go south for 4 miles.

Turn right on Forest Road 58 (Abbot Rd.) and go 2 miles to Little Crater Lake campground.

Allow at least 50 minutes from Sandy, or 20 minutes from Govy. See our web site for a **map** at: <u>http://www.mthigh.org/#Timothy Lake bike ride</u>

The Pacific Northwest should have normal conditions. California might get either normal or slightly below normal snow. The best forecast, for normal to above average, is for British Columbia, Alberta, Colorado, Utah, Wyoming, Montana and Idaho. (Source: Ski.com)

Long range weather forecasts should always be taken with a grain of slat, but here's what meteorologists are saying right now. The outlook for this coming winter is for an average snowfall for most of the US and Canada. The El Niño / La Niña oscillation is somewhere in between.

At Hillcrest Sports in Gresham you can rent a ski package (skis, boots, bindings, and poles) for a whole season. Rent them now and return them in May. The cost is:
