WHY SUPPORT THE ALS ASSOCIATION

When you Ski to Defeat ALS, you directly impact the programs and services available for people living with the disease right here in our community.

The ALS Association is leading the fight against ALS on all fronts – through funding the most collaborative, cutting-edge scientific research in the world; providing hands-on care services such as in-home caregiving financial support, medical equipment loan closets and partnerships in ALS Multi-Disciplinary clinics for people living with the disease and their families; and advocating for progressive legislation and support for ALS research and care.
