## MOUNTAIN HIGH SNOWSPORT CLUB

### The new answering machine: Email

Email is really like an answering machine! Always listening and recording incoming messages. Acting like your secretary, taking messages while you are away. Just don't forget to check your messages when you return!

Our club uses email to keep our members informed. Many news come and go in between our monthly newsletters, and never get reported other than via email. For example:

- \* Mt. Bachelor and Timberline offered **discounts** to pass holders from Meadows and Ski Bowl (as long as these were still closed). We notified everyone who has an email address.
- \* When a race gets **cancelled**, an email is sent out immediately.
- \* If **trip plans get changed** last minute, email is the fastest way to notify everyone.
- \* We send out **email reminders** before major club events.
- \* If we hear of **good deals**, discounts on gear or lift tickets, or a special sale, we'll notify you via email.

So, check your email before you leave your office on Friday evening, and check it the evening before major events, trips, races, social gatherings, in case there is an update.

Also, please remember to **notify us if you change your email address**. Notify either Emilio (newsletter editor), Kurt (Treasurer), or Sue (Secretary). See contact info on page 9.

### Public Forum for Everyone

As of the end of January 2005, our web site has been enriched with the addition of a **Forum**. Use it to give us an update on snow conditions when you return from the slopes, or post your comments, your gear for sale, or ask questions, or answer other people's questions.

Let's make the Forum a useful communication tool!

Some examples of recent postings in the Forum:

- \* **Rich** just returned from **Big Mountain** and says the snow is good. We'll have a good time on our trip!
- \* **Rich** (again) notifies us of the closing of **Mt. Bailey**.
- \* **Nick Veroske** and **John Campbell** tell us about conditions at **Mt. Bachelor**.
- \* **Bob Gales** tells how he got a discount at Mt. Bachelor
- \* **Nick** notifies us of a good deal for snowcat skiing in Canada (that has to be sold because of a cancellation).

### Our Web Site is Well Visited!

Our web site, [www.mthigh.org](http://www.mthigh.org), was born when **Les Furnanz** kindly set it up for us in June 2004. Since then, the number of visitors has steadily grown from **132** in June to **579** unique visits in December. A unique visit is counted only when someone brings up more than one page within a period of 30 minutes.

Of course, this doesn't mean that 579 people saw our web site in December. It could be that 100 people visited our web site on average 5.79 times during the month of December. Or maybe 200 people visited our web site about 3 times each.

Other than our home page, the most visited pages were: the **Events & Calendar** page, the **Photos** page, the **Trips, Newsletters**, and **Contacts** page.

When people used a search engine, they found our web site through the following web portals:

- \* Google.com (36 people)
- \* Yahoo.com (26 people)
- \* SkiSite.com (19 people)
- \* MSN.com (10 people)
- \* NWskiers.org (10 people)
- \* AOL.com (8 people)
- \* SearchSight.com (7 people)

About 65 Alpine/Snowboard Athletes & about 35 XC/Snowshoe Athletes.

We will try to run the GS, Slalom & Downhill events for, but if time/weather becomes an issue, then we will run GS & Downhill.

Volunteers needed for both cross-country, alpine and snowshoe events. Competition Crew... those to help with start line, staging, finish area, results, course officials, gate keepers, timers, etc.

Bionic Ski Bindings **ebm 412**

While skis themselves have made quantum leaps in performance recently, bindings haven't kept up. Atomic hopes to change that with Electronic Binding Management (EBM). At \$959, they cost more than most complete ski setups, but that's a paltry sum compared to, say, rehabilitating a torn ACL caused by a binding that didn't release properly.

When a skier steps into the EBM, an onboard computer analyzes data beamed via wireless transmitters from sensors in the toe and heel and displays the results on an LCD on the toe piece. EBM shuts off after step-in and lasts 80 ski days, but it's recommended that you recalibrate every 20 ski days—don't worry, the smart bindings will remind you. The binding automatically adjusts its stiffness to suit skiers of every ability level.

**Electronic binding management:** LED display, forward pressure control, battery control, high frequency data transmission, service control, open/close check, automatic data recording.

**Technology:** > din: 4-12 > fullflex twin > afd-plate: moveable

## Oregon Cancer Ski-Out

Five-member teams compete at Mt. Hood Meadows. The winner is **not** the fastest team, but the most **consistent**. Team registration before Dec. 17 is \$850, after that: \$1000.

Our club has participated with several teams for many years! The photo shows the **Easy Gliders** team, with **Walt Stanton**.

For more info, and to register, go to: [www.cancerskiout.org](http://www.cancerskiout.org). To become a corporate sponsor. Call Larry Chadwick at 503-699-6922.

### Oregon's Mount Bailey closes.

A great place for snow cat skiing since the late 70's has now shut its doors, it seems for good. Here is a message from the owner posted on the Mount Bailey website:

"In 1979, I started snowcat skiing in the U.S. with the Mount Bailey Snowcat Skiing operation. Regrettably, due to unexpected circumstances I will no longer be operating a dream that I spent 25 years of my life developing. It is a sad time for me. I do, however, appreciate all the people who came to Mount Bailey over the years, thankful for the many friendships that have developed from those visits. I will be continuing with my fishing business out of Kodiak, Alaska on my vessel Alpine Cove, so if you need fish, you can contact me on my email: [skigus@starband.net](mailto:skigus@starband.net)."

## Anniversaries: 100 - 50 - 30

*by Janet Siverts-Smith*

In 2005, three local entities are celebrating milestones:

- 1) The **US Forest Service** is 100 yrs old;
- 2) **RLK management of Timberline Lodge** celebrates 50 yrs of operation; and
- 3) **The Friends of Timberline** have been serving the Lodge for 30 yrs.

All three are notable for their excellent involvement with the people who use their services. . . . like skiers!!! In searching information on each organization, I came across something that may be of interest to some of our fellow members.

Timberline Lodge is having past employees come celebrate with them! Personally, I worked as a waitress in the formal dining room in the winter of 1966 (way before they had a separate day lodge). I still have my employee card! But, alas I don't have the "Heidi" dress that I wore. I worked the diner shift only, because that way I could ski every day until 4pm.

I am sure there are many club members who have similar stories and would like to participate in the festivities. Check out these web pages:

**Mt. High Crystal Mountain (bus trip) Mt. High**

**Jan 14-16, 2005.** This was our annual **Mountain High** bus trip. 2 nights/2 days. **Linda McGavin** did an excellent job of organizing this trip. Also, we were very lucky that this

trip happened just before the awful warming period we had lately, so we still enjoyed very good powder under a sunny sky. We also avoided the freezing rain that hit Portland on Saturday.

Emilio video-taped both the intermediate and advanced groups, and showed the video during the bus ride home.

We found a surprising amount of powder, some of it totally untracked. Here's Ed cutting a fresh tracks at a place that was also savored by Linda, Bruce, Rich, and Phil. See more

photos at: [www.mthigh.org/PhotosRecent.htm](http://www.mthigh.org/PhotosRecent.htm)

**Mt. High Big Mountain (train trip) Mt. High**

**Feb. 16-21, 2005.** About 30 of us have signed up for this trip. Will report more after we return.

The train leaves on Wednesday at **4:45 pm**. Be there an hour earlier, by **3:45 pm**. **Debbi Kor** will be there to give you your train tickets.

There is parking at the train station, at a cost of \$9 per day. Less expensive is a Smart Park about four blocks away, at a cost of \$6 per day.

We'll return Monday morning, after a night spent on the train!

**From the mailbox**

*Emilio, you did a GREAT job documenting our trip (to Crystal Mt.). It was really fun watching the videos of everyone skiing only a couple hours later.*

*Also, thank you to everyone at Mountain High who welcomed me into the club. I really felt at home and am excited to have made many new and cool friends some with very big shoes! Mountain High is truly "fluid"—which I think should be the word for the Crystal trip. I can't wait to ski with y'all again.*

**Mt. High Mt. Bachelor Mt. High**

**March 18 -20, 2005.** Friday, March 18, ski for \$10 with coupon from any Wells Fargo. A joint NWSCC sponsored party will be held on Saturday night. Volunteer to coordinate our club's trip with other clubs by contacting Steve Coxen, at [sacoxen@ao.com](mailto:sacoxen@ao.com).

Several of our members are planning to go. So far, there has been no organized plan, but stay tuned. At least a couple of people have indicated they might put something together.

If we rent a condo, we need to have a headcount. Alternatively, we might just rent regular hotel rooms.

Put this on your calendar, and let **Emilio** know if you plan to come. Emilio is keeping a list of interested people and will let you know the details as soon as they are available.

**FWRA Championships: Heavenly, Tahoe**

NWSCC plans to host a room party for any NWSCC club members attending these races. Contact Sheri Parshall at 503-245-3782 or [cougskier@aol.com](mailto:cougskier@aol.com) for further details.
