Picnic

August 10, (Sunday). Click here for <u>map</u> on our website.

12 (noon) - 1 pm -- Softball 1:00 pm -- Food will be served.

Place: Sellwood Park, Picnic area A

To avoid any possible conflict with the Providence Bridge Pedal, we've canceled the optional bike ride which normally precedes the picnic, and the picnic will start at noon.

Since the ball-field has al-

ready been reserved from 12:00 to 1:00 pm, we'll start off with some softball, and then start the food around 1:00 pm.

A variety of specialty gourmet sausages will be provided by the club, but it's mostly a potluck. So, some food, some drink, and maybe some chairs.

Directions: Immediately after crossing the Sellwood bridge (if coming from the west), turn left onto 6th Ave., and immediately start looking for parking

spot. Enter the park on foot by following SE Grand Avenue (from the south), and follow the path for abt. 100 yards. Our picnic area is on the left side of the path. See map. "Not being able to find us" is not a valid excuse!!!

Warren Miller: "Children of Winter"

Oct. 25 (Sat.) Warren Miller's new film, **Children of Winter**, will kick off the winter sports season for the 59th year!

Remember, this movie is our takeoff point for the **Canada Ski Safari**. We'll buy discounted group tickets. We'll have a club **dinner** before the movie.

Warren Miller film premiers are an experience not to be missed! Tickets go on sale in September! Be prepared to send Emilio a check for the group purchase, as soon as we find out the price. The earlier we buy, the betteer seasts we'll get.

Presented in striking High-Definition and narrated by skiing icon Jonny Moseley, this year's film takes you to Japan, Austria, Sun Valley, Iceland, Alaska and more! Check out www.WarrenMiller.com for more info.

With the rising cost of gas, wouldn't it be better to skip the Ski Safari this year, and wait for a better time and lower prices?

As Warren Miller used to say, "If you don't do it this year, you'll just be a year older when you do!"

There is no sign that price will go down any time soon, if at all. If \$4 a gallon sounds like a lot, what will we do when gas goes up to \$9 per gallon? Some day we'll fondly remember the "good old days" when a gallon of gas was only \$4.

Also, if the US dollar continues to lose value in relation to the Canadian dollar, vacations in Canada will continue to get more expensive. For all we know, this might be our last chance to visit Canada while it is still affordable.

In fact, how do we know if we'll even be alive the following season? So, better go ski Canada while we still can. We are not sure if Heaven has any ski-in/ski-out lodging, but Canada does, for sure!

Warren Miller: How to get involved

Warren Miller could use your help to promote the movie. Remember that the movie usually stays in town only 2 or 3 days, so it's easy to miss. Here's how you can get involved:

Warren Miller's Street Team! Contact **marketing@warrenmiller.com**, and help spread the word about Warren Miller films by putting up posters and flyers around town.

* Host a Screening of a Warren Miller Film!

Contact **ips@warrenmiller.com** to setup your own Warren Miller Event, and raise money for your ski club!

Cheap Tickets! Contact

marketing@warrenmiller.com for information on Group Ticket discounts.

Warren Miller Gear! To purchase DVDs,

exclusive apparel, and more, go to warrenmillergear.com.

NOTE: As soon as we find out the prices for this year's show, we'll start collecting money for a group ticket purchase. Admission may be expensive, but everyone gets 7 free lift tickets!

Dec. 12-14, 2008. NWSCC trip. This will be a revival of an old tradition. During the 80s and 90s, local ski clubs used to run several busloads of people to Mt. Bachelor, to usher in the new season with a big party. But, the last Blitz was held in December 2001.

Now, seven years later, it's time to dust off our skis, re-visit Mt. Bachelor, and ski and party hard. It's time for another Blitz! Stay tuned for details.

NW Ski Areas Map

Use this map for basic orientation for any of our upcoming trips, especially the Canada Ski Safari.

After doing the classic 5-day safari to Canada for 4 years in a row, it's time to try something new, such as:

Instead of driving up I-5 and returning down Hwy 97, let's go up Hwy 97, visit Silver Star and Big White, and then move further east and come down Hwy 95, visiting Kicking Horse, Panorama, Kimberley, Fernie, and Schweitzer Mt.

Rosie says: "I was talking to a girl in the coffee shop at Silver Star, and she mentioned skiing Kicking Horse and Fernie. She said she's skied there on weekdays and was surprised she only saw 5 - 10 other skiers on the slopes all day. She said they are great ski areas. So, that would be a great option for a future ski trip! Looking forward to it!"

Canadian Ski Safari: Columbia River valley

Nov. 28 - Dec. 7, 2008 or

Dec. 7 - 16, 2008. Depending on snow conditions.

NEW & IMPROVED. This 9-day road trip is a Canada sampler. It's really just a week, with both weekends on either end. It can be shortened to the usual 5 days.

We can all start together, and separate at some point.

We did the **classic 5-day trip** around Canada for 4 years in a row. You can still do the same, if you wish. You can find detailed instructions, phone numbers, addresses, maps, etc. on our web site. See the ARTICLES page (and then look for Canadian Ski Safari) at: <u>http://</u> www.mthigh.org/Articles.htm.

But, let's do an even better, extended ski safari this time.

We planned this for last year, but we were foiled by the late arrival of snow, which pushed us east to Banff.

After visiting Silver Star, we'll follow the Columbia River upstream, to its source. So, let's call this the **Columbia River Ski Safari**. See **map** on our web site.

DAY 0 (Friday, Dec. 7): Not counting this as a real day, because people

can still work this day, and drive out of Portland after work. Just drive for about 4 or 5 hours, to Ellensburg or Wenatchee (on Hwy 97). Or to Bellingham (on I-5).

DAY 1: (Sat., Dec. 8): Spend at least part of the day skiing somewhere like <u>Mission Ridge</u> or <u>Loup Loup</u>, or <u>Apex</u>. Then drive the rest of the way into Canada. Alternatively, if we go up I-5, we could ski <u>Mt. Baker</u>, or <u>Grouse Mountain</u> (with great views of Vancouver).

DAY 2 (Sun., Dec. 9): Ski <u>**Big White**</u>, or maybe <u>Sun</u> <u>**Peaks**</u> (if we drive up I-5.)

DAY 3 (Mon., Dec.10): Ski <u>Silver Star</u>. We'll all come together here, even if we come from different directions. From here on, there is only one road, Hwy. 97C, toward Revelstoke. It's about 2.5 hours of driving from Silver Star to Revelstoke Mt.

DAY 4 (Tue., Dec. 11): Ski <u>**Revelstoke Mt.**</u>, a brand new ski resort, which opened in 2007 with 4,500 vertical feet, but will offer a total of 6,000 vertical feet this year, by far the largest vertical in North America.

DAY 5 (Wed., Dec. 12): Ski <u>Kic king Horse</u>. Over 4,000 vertical feet in a single 10-minute gondola ride. 4 bowls. Great views of the Columbia River valley below. The

Great views from the top of Gem Lake lift at Big White

on-mountain village is still rudimentary. We might want to stay in the town of Golden, only 15-20 minutes below the ski area.

DAY 6 (Thur., Dec. 13): Ski <u>**Panorama**</u>. Just 1.5 hours south of Golden, and just 11 miles from the town of Invermere. Panorama is big. 4,000 vertical feet, 2,847 skiable acres. 8 lifts, of which 2 are high speed quads.

DAY 7 (Fri., Dec. 14): Ski <u>**Kimberley**</u>, in the Purcell Range. Just an hour south of Invermere is the chaming Bavarian style town of Kimberley. The ski area is just a mile or two above town, with its own mountain village. This is B.C.'s sunniest ski resort. 2,465 vertical feet, 1,800 acres, served by 1 high-speed quad on the front, and a triple and a double chair on the back. The back side has lots of tree skiing.

> **DAY 8** (Sat., Dec. 15): Ski <u>Fernie</u>, a big area, offering 2,500 acres, 2,800 vertical feet, including 5 enormous bowls. 10 lifts (2 highspeed quads), 9 on-hill restaurants.

> **DAY 9** (Sun., Dec. 16): Just drive home, or if we still have any energy, ski <u>Schweitzer Mt.</u> with 2,400 vertical feet and 2,900 acres, or maybe visit <u>Silver Mt.</u> (ID) or **Mt. Spokane** (WA), depending

on how we feel. That's the beauty of this trip!

DRIVING HOME. Even if we ski till 4 pm on the last day, we could still be back in Portland by midnight. But, if we are tired, we could ski only half a day, and arrive home earlier. Or, stay the night at Coeur d'Alene or Spokane, and drive home on Monday.

Or, we could skip one of the ski areas above, and move the whole schedule up by a day. Thus, we could be at Schweitzer or Silver Mt. on Saturday, and then just drive home on Sunday.

We could even ski a day at **<u>Bluewood</u>** in south-east Washington (straight south from Spokane). It's sort of on the way. But that would be a 10th day. Probably too much. Still, there's a surprising amount of varied terrain, 1,125 vertical feet, served by 2 triple chairs.

This is a very informal trip. Just drive up, possibly carpool, and let's ski! If we share lodging and gas expenses, the trip can be quite affordable.

For details about this road trip, and for help coordinating the carpooling, contact **Emilio Trampuz** at: 1-503-378-0171, or **Emilio2000@earthlink.net**.

Crystal Mountain (bus trip)

March 13-15, 2009. Our annual Mountain High weekend bus trip.

2 nights/2 days. We leave Friday around 5:00 pm. Lots of fun on the bus - this is the best way to get to know other club members! We'll return Sunday by 8 pm.

Crystal Mountain is the largest ski area in Washington with 3,100 vertical feet of skiing, with over 50 named runs. There's everything from gentle groomed cruising

runs for beginners to challenging steeps backcountry, glades, chutes and unbelievable

black runs for the more adventurous. This is why SKIING Magazine voted Crystal Mountain the #7 top mountain in North America. There are 2 six-pack hi-speed lifts, 2 hi-speed quads, 2 triples, and 4 doubles.

New since our last trip to Crystal Mountain in 2005 is the Northway lift, a double chair that moves at a faster than normal rate, providing access to 1,000 acres of skiing and increasing Crystal's lift-serviced terrain by 77%. There are now 2,300 acres of lift served terrain, plus 500 acres of backcountry.

We'll again stay at the Best Western Park Central hotel in the center of downtown Enumclaw, 45 minutes from the mountain, with easy access to a variety of restaurants and bars. Breakfast is provided for hotel guests.

We'll keep the cost down by using a sliding scale. **The more people, the**

lower the price (\$3 less for every additional 2 people). Bring all your friends and save money! Price (with a minimum 28 people), is **\$220** for the bus trip, 2 nights' lodging, 2 breakfasts, and one lift ticket. The reason for only one lift ticket is that on Sunday, March 15, Crystal Mountain is allowing all NWSCC club members to buy tickets at half price - only \$30 - but you have to go to the ticket window yourself and show your NWSCC card (i.e. your club membership card; you'll get it when you re-join for 2008-09).

Use **Dough Transmittal form**, p.11, to send **\$100 deposit**, due by **November 30**. Full payment due by February 15, 2009 (you will be told the balance due - the trip price could be as low as \$205 (if we get 40 people!). No refunds after February 15 unless you can fill your spot.

Q I am interested in the Far West trip to Big Sky. Where can I find more info about it? How can I get in touch with the trip captain?

Well, let us count the ways:

1. This newsletter has had a blurb about the Big Sky trip in both the June and July issues (#90 and 91).

2. There are several links to the FWSA web site from our club's site. For example, click on the FWSA logo in the menu column. Or click on the FWSA link on the Member Benefits page. By thw way, in the menu column, you can also click on the NWSCC or the PACRAT logo, to go to their web sites.

3. On our TRIPS page, there's usually info about NWSCC and FWSA ski trips. This just wasn't ready yet in June and July, but it should be there by the time you read this. See: <u>www.mthigh.org/Trips.htm</u>.

C This is a comment, not a question. The photos of the board members on page 3, Lift Lines 91, make our club look so vital! - *Violet Anderson*

Thanks for the compliment. Yes, our club leaders do exude vitality, don't they?

C The question was asked whether we should go to Schweitzer or Fernie. I don't really care if we go somewhere else. I always have a GREAT time with Mt. High. I'd follow you guys anywhere!! - Terry Swan

A Thanks Terry. We are heading for the Sheer Terror run, off of Suicide Ridge next! But, seriously, it looks like Schweitzer is definitely happening this year, and even the potential conflict with a PACRAT race has been avoided. And we have Fernie on our list for next year!

Q The article about neck injuries (Lift Lines 91, July issue) made me think twice. Wouldn't it be safer to not wear helmets on the slopes? - *Jim*

A Well, that's a tricky question. You could get hurt with a helmet, and you could get hurt without a helmet. There is some risk involved either way. The final choice must be a personal one. Only you can decide for yourself what amount and what type of risk is acceptable, and which is the lesser of two dangers.

Will someone's skis ever hit you in the head? Or will the helmet ever get snagged on something and twist your neck (or even just exert extra leverage in a simple fall on your face)? Nobody knows. Wll someone's skis ever hit you in the shins? Should you wear hard-platic shin protectors? Ultimately, it has to be your decision. Whatever happens, don't blame it on us!!!

Sports Instruments "Alta" - Altimeter Watch

In the September 2007 issue of Lift Lines, we wrote about the perfect ski watch, which still doesn't exist. The ideal watch could survive a shipwreck and a few years on a desert island, with long lasting batteries or solar powered, and could be used both in the mountains and under water.

While we wait for the perfect watch, how would you like something that's pretty darn good and costs only \$20? It's not a toy. This is a \$160 watch that has been discontinued, and retailers are eager to dispose of the remaining inventory. REI has it on closeout for \$59.93, but others are sell-

ing it for only **\$19.99.** Check out a bike shop called "**Bike** Nashbar", at <u>www.nashbar.com</u>, or 1-800-627-4227.

The watch is "**Alta**" from **Sports Instruments**. The altimeter is accurate to within 3 feet. It displays the number of runs skied, the total vertical accumulated, the maximum vertical reached, the rate of ascent/descent, and is also a regular watch with an alarm. There is no compass.

OK, so it's not perfect, but where else can you get a brand new watch for the price of replacing the battery? Any jewler can help you install a new battery in the Alta.
